

Scranton's Plan for Success

Goal: *It is our goal at Scranton School to promote success in our students and to give them the educational confidence they will need to achieve their future goals. We created this plan to help promote and encourage the success of all students.*

As of 10/09/14, these policies and regulations were discussed and written by the Scranton Student Council and a group of teachers for new policies regarding Scranton's Plan for Success homework program. This program will run for one semester before students earn a "clean slate". *

Day to Day Basis

1. Students who have incomplete homework will be called to the office eighth period to complete that assignment.
 - a. Those students in core classes will remain in their eighth period class until the lesson for the day has been taught. They then may ask any questions they have about the assignment. Once this is completed, they will head down to the office and that class will continue with other student questions. Student is responsible for all homework missed during the 8th period class.
2. Students will complete their work and hand it into the teacher after school or the next day.
 - a. If a student completes the incomplete work before 8th period, they will still be sent down to the office for last period and shall bring any/all homework that needs to be completed for the following day.
3. Students will not re-enter the classroom setting until the work is complete.
4. Students will not receive additional points for this work, but the work must be completed.
 - a. Students will receive credit for those parts of the incomplete assignment that was done.
 - i. Eg: Student was assigned 10 problems in class but only completed 2. Student **will** receive points for the 2 problems completed but assignment is still considered incomplete therefore they will be sent down to office and follow regulations stated in 4.
 - ii. Each teacher is responsible for communicating to the students what they consider "complete work."
 - b. If student is unable to complete an assignment the night before because they had questions, and made an effort the next day to ask teacher about assignment before class, they will not be sent down to the office because this action shows effort and the job expected of a student.
5. Students who have 2D's or 1 F or worse called down during 8th period, will not participate in any extracurricular activities they have for that day. (practices, games, events, etc)

**Program will go into effect on October 20th, 2014 and only run for one quarter before beginning again at second semester. From that time on the program will be a semester program.*

Repeat Offenders

1. Repeated failures to do homework will have the following consequences
 - a. After 3 visits student's parent/guardian will be called and informed of the situation and also reminded that the **4th visit will result in after school detention**
 - i. Student will miss all extra-curricular activities for the day that detention is served (practice, competition, games, etc.)
 - ii. If detention results in missing a bus for a week/weekend extra-curricular trip, student **will** miss the week/weekend trip.
 - b. Visits 4-6 all result in after school detention
 - c. Visit 7 will result in all day In School Suspension (ISS) and a conference with student, parent, principal, and all teachers involved in student's education. This meeting will be used to develop a plan to *help* student achieve homework success.
 - d. Visit 8-9 will result in all day ISS
 - e. Visit 10 and all other subsequent visits will result in Out of School Suspension.

**Program will go into effect on October 20th, 2014 and only run for one quarter before beginning again at second semester. From that time on the program will be a semester program.*
